

Brand guidelines

Support for therapy. Starting with EMDR.

Calm guided therapy support — not an AI therapist, EHR, or emergency care.

Say Nura. Write NuraHelp.

URL is **nurahelp.com**. Do not lead with “AI” in titles, hero, or the wordmark.

Layer	Name	Where
Spoken / UI chrome	Nura	Header, sidebar, email from-name, Stripe Checkout
Lockup / legal	NuraHelp	Logo aria, Terms, copyright, App Store
Product feature	Nura · EMDR Support	Feature line — not the company name
Never in public	NuraHelp AI	Sounds like a ChatGPT clone

What Nura is

A calm place for guided therapy support — EMDR sessions and resources in the app.

Do

Self-help tool. App-only. Clear disclaimer on marketing.

Don't

Wave wordmark + mark

UI chrome shows the wave wordmark only — no “help” suffix next to the logo. Legal name remains NuraHelp in copy/aria.

- Never: brain, lotus, chat bubble, cross, heart, or the retired two-dots arc.
- Component: BrandLockup — tone="color" | "black" | "white"
- Assets: public/brand/

Clinic-quiet, not a startup pitch

English, sentence case, short sentences. No hype (“revolutionary”, “neural networks”, “blockchain”).
